MOBILE RADIAL STOCKPILERS

MS20 • MS30 • MS40 • MS50 • MS65 • MS80 • MS100

- Impressive radial stockpiling capacities
- Low cost radial stacking solution
- Innovative robust design
- Superb manoeuvrability around site
- Easily transported
- Rapid set up time

Innovation at Work

OPTIONS

- Dual Power
- 5hp - 40hp (3kw - 30kw) diesel electric
- Extended feed boot extensions
- Wide range of belt widths and types available
- Emergency pull cords
- Hydraulic head fold
- Hydraulic coupling
- Powered radial wheeled drive
- Diesel Genset / electric hydraulic powerpack / twin direct electric drive / diesel power pack

FEATURES

- Huge windrow stockpiling capacity
- User friendly control
- Hydraulic raise + lower head and tail sections
- 30% more efficient diesel genset availability
- Easily containerised allowing for global transportation
- Heavy-duty construction
- Long-life, low-maintenance design

APPLICATIONS

- Construction + demolition waste (C+D)
- Sand + gravel
- Compost
- Topsoil
- Wood waste
- Mulch
- Scrap metal
- Aggregates
- Coal
- Food products
