FLIP FLOP / FLIP FLOW SCREEN

FF 16X5

- Turns “waste” into a valuable saleable asset
- Designed to handle hard screening tasks that conventional screens cannot
- The huge screen throw propels material upwards allowing for it to untangle and separate
- Combines two motions in order to create dual vibration movement
- Heavy duty construction
- The Edge Flip Flop Screen incorporates an integral Oversize Conveyor, integral Fines Collection Conveyor & walkway access
- Eliminates screen plugging and blockages
- Ability to handle a wide range of materials

OPTIONS

- Over-band magnets
- Hydraulic blowers / air knives
- Magnetic head drums

APPLICATIONS

- Skip Hire (Garbage Disposal) Companies
- Waste Management/ Recycling
- Landfill Sites
- Demolition
- RDF
- ADS

FEATURES

- Dual vibration system
- Expanding and contracting lower screen produces high acceleration rates
- Easy screen exchange
- Eliminate screen plugging and blockages
- Ability to handle a diverse range of materials
- Long life / Low maintenance design

MATERIALS

- Lights (includes plastics and paper)
- Ferrous/Non Ferrous
- Stone
- Wood
- Compost
- Metals
- Organics
- ANY Application where product separation is required
